

FEATURES OF THE SÜDTIROL ALTO ADIGE GUEST PASS – MUSEUMOBIL CARD

The "Südtirol Alto Adige Guest Pass – museumobil Card" (SGP - museumobil) is offered to guests as a special inclusive service by the host.

It is available to all vacation guests of those accommodation providers that are members of the local tourism organization, as it is financed by membership fees and service revenues. The SGP - museumobil combines two offers: it is a ticket for all public transport in the "südtirolmobil" local service and also allows you to visit around 80 museums, collections and exhibitions. The cultural institutions collect, preserve and exhibit tangible and intangible natural and cultural assets, raise awareness of the history, nature, art and culture of the region and promote an understanding of cultural and linguistic diversity and the protection of the landscape. The SGP - museumobil also promotes sustainable mobility and the use of public transport and contributes to reducing the negative impact of private motorized transport.

The Südtirol Alto Adige Guest Pass

-  ○ is issued **exclusively** to all guests aged 6 and over
-  ○ is valid from 00:00 on the day of arrival until 23:59 on the day of departure
-  ○ must be labelled on the back with the guest's name and the period of validity (max. 7 days per card)
-  ○ is not intended for sale

Usage museums

The SGP - museumobil is valid for one visit to participating museums, collections or exhibitions. The SGP - museumobil must be presented on admission.

Usage local public transport

ATTENTION: The SGP must ALWAYS be validated!

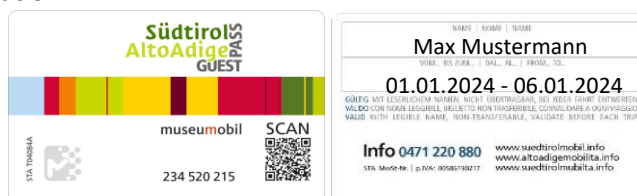

The SGP with QR code must **be validated** at the start of each journey by scanning the QR code. An acoustic signal and OK on the display confirm the validation. There is no imprint on the SGP. For train journeys, the ticket is **validated before boarding**.

The validators are blue, not to be confused with those of Trenitalia (green or yellow). The SGP - museumobil is valid without validation on PostAuto 811 Mals-Müstair and VVT bus 273 Mals-Kajetansbrücke.

There are currently three ticket types in circulation:

QR-Code tickets

Scan the QR code on the front of the SGP - museumobil at the ticket validator.

Magnetic stripe tickets

Scan the QR code on the back of the SGP - museumobil at the ticket validator.

Chip-on-Paper tickets

Hold the tickets in front of the RFID symbol (radio symbol) at the ticket validator.

Personalisation

The guest's name and the period of validity (max. 7 days per card) **must** be personalised on the reverse.

Conversion of the ticketing system and validation

The ticketing system in buses and railway stations will be changed by the end of December 2023.

The old ticketing system does not read QR codes. If no new validators are available yet, passengers may board without having validated. This **only applies** to QR code tickets.

Magnetic strip tickets or chip-on-paper tickets, on the other hand, must **always** be validated.
